SUBJECT: U. S. RECORDING COMPANY

PURPOSE: Confidential File Room 10

The purpose of this memorandum is to set out the fact that index cards are maintained in captioned matter relating to individuals interviewed and to suggest those names be integrated into the general indices at FBIHQ so that they are retrievable through the general indices.

DETAILS:

During the course of the U. S. Recording Company (USRC) investigation by the Ash Committee, index cards were prepared on names of individuals interviewed or mentioned during the course of the investigation. These index cards are keyed numerically to the FD-302s, etc., which contain the indexed names of individuals mentioned. This was accomplished in an effort to retrieve information promptly without shifting through hundreds of documents to locate a particular name or reference.

The investigation of USRC is completed, however, a final prosecutive opinion has not been made by the Attorney General. Until that occurs, the FD-302s, memoranda, exhibits and other documents pertaining to this case are located in six file cabinets in Room 7642, JEH Building.

Permission is being requested of the Records Management Division to retain these records in their present state in Room 7642 until the case is completely adjudicated, but to make arrangements to have the above-mentioned index

cards utilized in such a manner that the information can be integrated into and retrievable through the Bureau's general indices.

RECOMMENDATIONS:

1. That Records Management Division survey the USRC indices problem and, if possible, integrate the names of those individuals interviewed and/or mentioned in the USRC investigation into the general indices at FBIHQ.

2. That the FD-302s and other documents in this investigation be considered as a bulky enclosure to this memorandum and be retained in Room 7642, JEH Building, until the matter is completely adjudicated.

3. That this memorandum be filed in Bufile 62-46425, the main case file for USRC, with a notation in the file that all serials and bulky exhibits can be located in Room 7642, JEH Building.

4. That the index cards previously prepared and being maintained in Room 7642 so remain in this location for the benefit of future searches to locate any documents being sought at the time of search.

The USRC indices consisting of index cards prepared on the names of individuals interviewed or mentioned during the course of the investigation, the FD-302s, memoranda, exhibits and other documents pertaining to this case in the six file cabinets presently located in Room 7642, JEH Building, will be made a bulky enclosure to this memorandum which will be serialized in Bufile 62-46425 on the U. S. Recording Company. The names on the index cards only will then be entered in the computerized data base in the Recording Unit of Records Branch which will in turn produce index cards on these names to be manually filed in the Bureau's general indices. Full identifying information normally placed on index cards such as birth data, locality, etc. will not be available for identification or elimination purposes at the index level and no review of documents will be made for indexing purposes. These index cards will indicate that the names involved can be eliminated when only a subversive search (normally listing all references in classifications that could contain subversive information) is requested. The index cards in the General Index will refer to the serial number of this memorandum and a permanent charge-out will be placed in the file cabinet indicating that this serial is maintained in Room 7642. Upon referral there, the USRC indices will guide the requester to the appropriately keyed (numerically) FD-302 or other document that contains the reference to the name that was indexed.

regarding captioned matter.

SYNOPSIS:

~~ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED EXCEPT

The plans and procedures for captioned activity have
been in existence since the 1950's, and would not be undertaken
unless a state of emergency exists. Memorandum W. A. Branigan to
Mr. W. R. Wannall, dated 1/9/76, advised as to desirability for
updating PRODIP procedures. On 1/29/76 a conference was held with
Department of Justice officials to see if AG would have any
objections to such updating or to Bureau contacting Department of
State to coordinate PRODIP provisions. [redacted] advised he saw
no objections, however, requested letter be sent to AG. Partial
response was obtained from AG on 1/31/76 but that response did not
address FBI contact with Department of State. At meeting 3/22/76
[redacted] advised no objection to contact with State Department,
therefore Intelligence Division (INTD) will initiate contact with
State Department on this matter.

Memorandum to Mr. T. W. Leavitt
Re: PLAN OF ACTION FOR INTERNING
ENEMY DIPLOMATIC, CONSULAR,
UNITED NATIONS AND OFFICIAL
PERSONNEL IN THE EVENT OF WAR (PRODIP)

DETAILS: (continued)

Referral/Consult

(S) [redacted] advised that the best procedure for the FBI to follow at this point is to direct a formal letter to USDS, attention of himself, requesting USDS to state its position with regard to [redacted] now that the VC has been signed. Additionally, the letter should request USDS to update [redacted] and to include countries not previously covered such as the [redacted] etc.

[redacted] stated there would be input from several sectors of USDS, including the Office of the Legal Advisor, which would delay State's response, but he promised a response would be made to such a letter from the FBI.
